ST. LOUIS USDA CLUB  
HEARS NOTED ECONOMIST

## DR. EZEKIEL SPEAKS

ON

## POST-WAR ADJUSTMENT

Dr. Mordecai Ezekiel, Economic Advisor to the Secretary of Agriculture, spoke last Saturday to the St. Louis USDA club on the "Problems of Post-War Adjustment--The Effects on Agriculture and Rural Living."

He presented many interesting facts such as the food production which for World War II is three times that of World War I and for the past seven years the farm yield has surpassed each previous year. Farmers have averaged 10 hours per week more than industry in actual weekly production with a farm income today of approximately \$2000 a year as compared with \$400 to \$600 in the past.

Dr. Ezekiel said it was no longer a question as to who will win the war--the problem of the future is what kind of a world will arise from the ashes and how to shift our economy from wartime to peace economy. During wartime not only our farm production, but all other production has gone up unbelievably and he pointed out we should maintain the same high level of production as that demonstrated in this period.----We should all prepare to live twice as well.

Ah, Ah, sweet hearts and flowers, valentines and leap year----with that combination most anything can be expected at the REAA Athletic Association Leap Year party which has been scheduled for Friday, February 18.

Under low lights and Jimmy Downey's soft music the single girlies can do their leap year wooing, and the married men had better be careful too, for under the spell of the evening----goodness knows they're liable to promise their wives a new Easter suit.

As the price is only \$1.50 either stag or drag, all you gals had better bring a man. The dance will be held at the Elka Club Hall on Lindell Boulevard near Grand Avenue.

Clem Bray has been named general chairman of the affair and Thelma Wilson is in charge of the tickets.

There are two more paydays before the gala event so how's about doing some post-payday planning and have that \$1.50 in "cash on hand."

NOTE OF APPRECIATION  
RECEIVED

A note of acknowledgement has been received from Mr. and Mrs. William C. Neal in grateful appreciation for the flowers which were sent by the REAA A in behalf of the staff.

DID YOU BUY AN EXTRA WAR BOND????

# DIDJA KNOW THAT

YOU CAN'T WIN....Just when everyone thought of relaxation from holiday merry-go-round, along comes Henry with his I.Q. to try the souls of men. However, we've been promised assistance by Esquires Kuhlman and Neely who know all the answers (right or wrong) and will be on deck Monday and Tuesday, from 2:30 p.m. and on and on and on, ad infinitum, to help you become unruddled. 'Tis rumored they can explain both the "short" and "long" and we hope they mean tax blanks - though one can't be too sure in this changeable weather. For all those who got it right the first time H. Lamberton is giving a party in the telephone booth on the 4th floor; while the Counselors stand on their heads for the assembled prize winner - or winners. Orchids, gardenias and hats off to V. Schmidt, COD, for her 10th contribution to the R.C. Blood Bank. That is a record and probably high for REA. The Passing Parade: Fleming Bardsley on her way east to be with David, awaiting embarkation orders; M. Hudiburg in charge of the Emergency Room and wishing all Personnelers would jump from the 6th floor instead of calling to threaten it; A. Joseph, USA, calling on his former pals in Legal; Rachel Maddox goin' 'round and 'round with her "Walking Papers" - those mysterious things called WORK ORDERS; Corp. Liquin, brother of Fred whose name we just learned to spell, dropping in for a look-see; B. Lambert back in the fold of Info after being on the not-so-well list much too long; E. Cox street-car riding every night to J.B. until they shipped Bob to destination unknown; Charleen Reed gloating over an Xmas present just received but posted from Scott Field in early Dec. Mr. Walker's Department seems to be behind in its work - they probably all took time off to read Esquire, Tsk! Tsk! Tom Murray former Legal Light, now answering to Lt. but they forgot to tell us which one - makes a dif, you know, and Bill Dean, Fin. now an M.P. J. Marion is losing two more of his femmes - Helen Hunter to take a position near Tulsa- the old homestead - and Helen Ryan because of ill health. We wish her speedy recovery but she oughtaknown better than to go to Fin., and Robbie's harem will be disrupted by Anna Hudiburg 'cause she is also going nearer home - Wichita - we hope that's right, while Mary Schleg, another Management gal, is leaving to join the U.S. Cadet Nurse Corps. D&Cer Cook is the proud possessor of a TON OF COAL...Pres. Winsett, please note - that's what you get for having an "erl burner" and no PRESTIGE with the OPA. Willie Armstrong wasn't mislaid but had a wonderful trip to J.B. Reported at reveille in PJs, not knowing 'tisn't done in the best of

Army circles, and then was awarded KP duty instead of a nice comfy bed in the hospital....Dishes, dishes, dishes and not a minute to eat. He solved the bed problem and pronto - inveigled the Sergeant to instruct him in the art of making up an army cot and then crawled in and out during his sojourn without disturbing the nice tucked-in bedding. Seems like a good time was had by all and Willie is goin' to stay with us. The D&Cers who were attached to the Signal Corps are grinning like "Chesee" cats. Had begun to think their mazuma had been assigned to a dead carrier pigeon until G. Gilmore blarneyed the Powers-that-be into a generous mind and the boys are all now ready for any little game of chance that can be promoted. J. Farmer has been generously offering to fix any non-working radios. Evidently wanted a bit of practice on the other fellow's. After burning out all his own tubes, he sent a frantic SOS to Eardley who found the Farmer menage flooded with what the St. L. papers term a "moderate smoke pall" from a transformer gone with the wind...but not far enough. J. Leary, D&C, so proud of what the stork brought him, is now on annual leave to run a washing machine .... can't be he ever heard Arthur Godfrey's lovely plugs for Di-Dee-Wash?

Our sincere sympathy to Miss Dess, one of REA's most loyal employes, upon the loss of her mother.

## IMPORTANT !!

Someone in REA sent a package to Lt. Bernard G. Shebest, formerly of Mr. Gilmore's office. Package has never been delivered and Post Office is trying to find sender in order to reimburse him as package was insured. If person is still with REA please get in touch with Mr. Buchanan, Room 240, IMMEDIATELY.
